The Allamakee Community School District Board of Education held a Work Session on Wednesday, September 26, 2018 at 7:00 AM. The purpose of the Work Session was to discuss funding options for various capital improvements needed throughout the District.

Travis Squires, Managing Director of Piper Jaffray & Co, prepared a capital financing review for the District. Mr. Squires first reviewed the taxable valuations and District's tax rate history. Mr. Squires then reviewed several financing options that would accommodate different capital project scenarios and keep the District's tax rate relatively low.

Mr. Mathis discussed the capital projects to be considered over the next five years and possible architect firms to assist with these projects. The Board determined that another work session to review the options for the East Elementary HVAC project is needed. A work session was scheduled for Tuesday, October 2, 2018 at 7:00 AM in the Middle School Board Room.

The Work Session adjourned at 8:14 a.m.
